### Species Election

- 1) Claims 1-18 are under prosecution.
- 2) This application contains claims directed to more than one alkanediol, protein species, and bacterial expression system species of the generic invention. These species are deemed to lack unity of invention because they are not so linked as to form a single general inventive concept under PCT Rule 13.1.

(A) Alkanediol species:

- (a) 1,5-pentanediol (claim 2);
- (b) 1,6-hexanediol and 1,2-hexanediol (claims 2 and 12);
- (c) 1,2-butanediol and 1,4-butanediol (claim 2); and
- (d) 1,7-heptanediol (claim 2).

Claims 1, 3-11 and 13-18 are generic.

(B) Protein species:

- (i) BSA (claim 4);
- (ii) Bovine holo-transferrin (claim 4);
- (iii) Lactoferrin (claim 4);
- (iv) Lysozyme (claim 4) and
- (v) Shock proteins (claim 4).

Claims 1-3 and 5-18 are generic.

(C) Bacterial expression system species:

- (1) *E. coli* expression system (claim 10);
- (2) *Caulobacter crescent* expression system (claim 10); and
- (3) *Proteus mirabilis* expression system (claim 10).

Claims 1-9 and 11-13 are generic.

- 3) The species identified above do not share significant common structure, biochemical, immunological and/or taxonomical characteristics. These species have mutually exclusive structural and/or immunospecific characteristics.

**4)** Applicant is required, in reply to this action, to elect a single species to which the claims shall be restricted if no generic claim is finally held to be allowable. The reply must also identify the claims readable on the elected species, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered non-responsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).
